### The Premises:

Easy to locate and well known hotel. the room was clean and well lit

### The Lady:

Average although she is the girl on the website.

did not make the effort to dress up or apply some make up

### The Story:

From the moment I opened the door I got a bad vibe and should have just turned around and saved my money but i wasn't thinking with my head.

I was led into the room with her hardly ever looking at me or acknowledging me.

Sorted out the payment and she went into the bathroom for like 10mins and left me there, she returned and asked if i wanted to shower which i obliged to do again she did not look at me.

Came back to the room and she began with some bad conversation starter about my name not suiting me but I brushed it off.

she does not do FK or anything fun,she gave OWO which was actually good but that was about as good as it was going to get as she did not seem interested which killed the mood for me

I forced myself to cum quickly as the mood was just so miserable and mechanical, left 20 mins into an hours encounter.

this seems to be the theme of all the girls at this hotel as i have been with several females at this location and they all seems to be mechanical and uninterested.

she clearly is not enjoying what she does and only interested in the money, be cautious of the glowing reviews on her profile on the site as to me they did not match the personality of the person I met in the slightest
