The Story:

I phoned Tessa and agreed cum twice with the naturist massage and must comment her english was good at the time.. When i arrived i was shown to a bedroom with a massage table next to a bed, i repeated cum twice to which she agreed and after the paperwork we both got undressed Tessa keeping her underwear on.. I was told to get on the table face down, when i said cum before and after Tessas understanding of English seemed to change to poor.. After a while i was on my back and Tessa was half heartedly trying to make me cum.. I asked her to remove her bra, this she did but then said no touching to my disbelief.. I respected her wishes and she proceeded to make me cum.. I then rolled over after the clean up and she massaged my legs and back for a short while and then said something to me, when i said cum twice she basically said no which was totally against waht was agreed on the phone and when i arrived.. I then got dressed and left and phoned the girl whos flat it is and informed her.. She said she will have to change her adultworks profile.. Well Tessa has changed her adultworks profile, It originally said naturist and she encouraged passive touching.. Both of these never happened, although i would of settled for her topless being allowed to touch.

I certainly wont return to see her and i hope this report gives others an insite and helps them to think twice
