The Premises:

Matilda is based in South Kensington. The place was nice and modern and it was clean inside. I parked outside without any problems.

The Lady:

Matilda is a hot East European escort who is 20. She has a blistering body that would wind any man up. The pictures on the website are accurate. She just draws in you in with those young, pert titties.

The Story:

Matilda was wearing a super tight little skirt and looked really hot. I fancied a nice bit of OWO and she delivered in style: those hot lips worked my cock like magic and her tongue felt amazing round my end. To be honest, I could have enjoyed that alone for the whole hour.

She then gave me a fantastic massage which was really sensual and pleasurable – she did it softly and gently not too forcefully like some of them. I felt the best I've felt in ages after that experience it was relaxing and sexy at the same time.

She gave me a nice little wank just to make sure I was ready to penetrate her pussy. I screwed her hard in my favourite doggy position and loved watching my massive cock sliding in and out of that clit while revelling in that tight body of hers. I finished with COB and the spunk just kept on coming. Had a well deserved shower and felt absolutely fantastic.
