### The Lady:

Bottle blonde, 30 something, nationality unstated but most probably EE but with more rounded facial characteristics highly fancied in India, Middle East and North Africa, tall, slightly Amazonian in physique, very large breasts, fully shaved between legs. New photos now on the HoD website are slightly more transparent than the previous opaque images.

### The Story:

Friendly and pleasant company with lots of chit chat in almost perfect English but Melina went like the clappers in the first few minutes and I had to slow her down to avoid a premature ending. Also I had to ask for FK and OWO when neither service seemed forthcoming contrary to what her profile says - as usual I was freshly washed and had copious amounts of strong mints in my mouth in the run up to and during our time together. When I asked, she'd delivered these services to a very high standard but I didn't like having to ask and I suspect many other punters would have felt the same. She was adamant though that she doesn't do cim and has never done despite this being a service listed on her profile at the time of my visit and, at the time of writing this report, is still showing. I didn't try testing whether she gave rimming which was also listed in case of disappointment.

I'm giving the neutral recommendation as it is probable that some punters will be disappointed seeing her though it is likely that some will be delighted. She has one other PNet review (no 121734) which isn't linked to her profile but is slightly more generous than I though similarly subtly caveated.
