The Premises:

As previously described.

The Lady:

Pale complexion with long brunette hair but probably best describable on ethnicity surveys as British mixed race. I can't say though precisely what that mix might be as Mya probably has ancestry to the south west as well as the south east of London. She's possesses distinctive facial characteristics that are sought after in the photographic modelling industry as well as the tall lithe physique required for the catwalk. On her profile she's described as being 21 years old which seems about right.

The Story:

The beauty about the punting game is that every now and then one has an experience straight from the left field that warms the cockles of ones heart. Mya is one very example. She was keen to please with a naivety that is an antithesis of the stereotypical provider and probably that of many other ladies in the HoD group. I enjoyed dfk (lots and lots of it), frottage, owo, ro, fingers inserted, intercourse in missionary culminating in more owo then a handjob to finish. Put simply, simply superb.
