The Lady:

I love Brazilian pussy because it is usually good looking and Natasha is no exception. I love that brown skin and that black hair – it turns me on in a big way. She has a nice face, a fun personality and a nice body with a great arse.

The Story:

There are only a few women who instantly make me hard without the requirement of additional stimulation of any sort. Natasha is one of those women. She has unbelievably hot legs, I had a job containing myself. She gave me a massage which really put me in the mood.

She then gave me one of the best blow jobs I have ever had and I was ready to cum far too early. She carefully licked and caressed my balls, and knob end. But I held on as knew it would get even better. We then had a superb kissing session that felt really natural.

I love traditional shagging, but I thought I'd try out the 'anvil position' again as it is so intense. I nailed her so hard she screamed in pleasure as I pressed down on her g spot. We then tried the cowgirl position which drove her wild. So as to prolong the pleasure we then did a 69 and then rounded off the evening with some hard doggy-style fucking.
