### The Premises:

A large flat in a grotty area near Brick Lane. Right next door to a restaurant so not very discreet.

### The Lady:

A young, attractive Polish girl with a very nice figure and C cup breasts.

### The Story:

A very enjoyable massage/relief service on a massage table. The massage with oil was actually very good and it helped soothe away some aching muscles from walking. I was drifting off at one point, but then the massage became more sensual and I became more aroused. I turned down the option of body to body because it has never done much for me. The turnover moment arrived and Jennifer removed her bra and left her tiny red thong on. I caressed her firm breasts, but she said her nipples were too sensitive to suck. I alternated between caressing her breasts and fondling her bum before succumbing to a really satisfying orgasm.

The flat does have shower facilities.
