### The Premises:

Terraced house in Guildhall Street. Had to park a little way up the road and walk, only a problem because it was raining.

The road is a pretty anonymous one with a lot of bedsits and flats, no real problem with nosy neighbours.

### The Lady:

Taiwanese girl of about 25, not bad looking, fairly firm body and largish but slightly saggy tits. One of those neat pussies where the labia menora are small and hidden inside so a neat slit is all that's visible from outside.

### The Story:

I was in a bit of a hurry having finished my business on the south coast and wanted to get back before there was any danger of traffic.

I'd had a very early start and wanted to get home so a no nonsense fuck was what I needed.

I arrived after phoning to check the girl was available immediately and was in luck.

Rang the bell and was shown in, I entered a very small room with a bed and almost nothing else.

The girl was sitting on it waiting for me.

I gave the money to the woman who had shown me in and she left closing the door leaving us alone.

It was apparent that the girl spoke little or no English so I decided I would take the initiative and direct proceedings, mainly with hand signals!

What happened next was that I, in essence, licked her pussy and arse then fucked the her in several positions before putting her on her knees for one final licking. With her arse in the air I decided I'd try and slip a finger into her anus so dribbled some spit on it and after slowly massaging her for a minute popped my thumb up her. Not a murmur of complaint so slipped my cock back inside her and pumped her deep and hard until I shot my bolt.

With my cock softening I pulled out and she moved into a sitting position with my thumb still inside her, I gave her a kiss and pumped her arse a couple of times, which she didn't like so I pulled out slowly, looking in her eyes all the time, fantastic.

She cleaned me up with wet wipes and kitchen roll and to really cap the experience allowed me one last lick of her pussy.

Left to a cackle of Chinese from an assembly of at least four women in a side room. Quite nice

looking in and them looking at me knowing I had just fucked the girl downstairs.
