The Premises:

A new flat in Central Milton Keynes a little further south than the other flats I have visited. Nice quiet area.

The Lady:

Danielle is a young British girl with dark hair. Slim and average height.

The Story:

She answered the door when I arrived and we went straight into the room.
A brief chat while we got undressed, then straight on to the bed.

I started playing with her boobs and licked them - she really enjoyed this.

Then I said that I would like to lick her pussy : she turned round and got on top of me in the 69 position.

I licked her and it didn't take long for me to make her cum. She obviously really loved this, and she said

that I was really good at it. This really pleased me.(I told her that other girls had also said this.)

Some brief kissing, then she attended to me - a mixture of oral and hand play.

She got on top for sex, then back to hand play until she made me cum. All very enjoyable !

Danielle is going to have a break soon, then I certainly hope to see her again when she returns.

Thank you Danielle.x
