Normal MKE apartment, clean and fit for purpose. Parking is easy.

The Lady:

Slim, pretty, long blonde hair. Much sexier and better looking than her gallery pics. She is the attractive young woman in the office, the one everyone likes, because she is great company. Never short of a lunch partner or an invitation for a drink after work.

The Story:

My second visit to see Imogen. First visit 30 mins, I enjoyed it so much, i booked an hour this time. But i waited to write a review because of the 6 month rule.

A definition of happiness, is when an escort walks into a room, breaks into a big smile of recognition and says something along the lines of "it's you again". Much better than an escort walking in and groaning "oh no, it's you again".

It has been a while and I can't remember the details. But I do remember her pussy looked so good, i broke my rules and decided to eat out. I licked and gently fingered Imogen and she moaned in pleasure (I hope it was pleasure). Also broke rule 2 and had OWO, which was very good.

I have a recollection of her on her knees sucking me, while I stroked the back of her neck, and another of her standing naked in front of the mirror, whilst I stood behind and stroked her boobs.

More memories of cow girl, missionary and then cuddling and chatting. Sorry, i have not been back Imogen, your work days, never coincide with my free days.

It was a great day for punters when you entered the industry.
