The Premises:

As previously described: a flat above a parade of shops in Wallington. Access is via a somewhat grotty alleyway and a flight of stairs. Once inside the premises is certainly fit for purpose.

The Lady:

Annie is a very attractive Chinese girl in her early twenties. About 5'6", long black hair and nice C cup breasts with pert nipples. She's partially shaved down below. Unfortunately her English is very limited.

The Story:

I was in the neighbourhood and decided to revisit this old haunt where the girls tend to change every couple of weeks. I arrived unannounced and Annie opened the door and showed me straight in to the bedroom. After completing the paperwork we undressed each other with lots of caressing and kissing on the lips but unfortunately no French kissing.

After that we moved on to the bed where the caressing continued with some very pleasurable rubbing. Then it was on with the condom as Annie gave me a decent blow job before she moved things on to sex in cowgirl, doggy and missionary. She finished my off by hand which, whilst done well, was a bit disappointing as I felt that she was rushing things a bit given that I still had several minutes of my thirty remaining.

With the time I had left, I had a leisurely shower before leaving and going to the Wetherspoons on the opposite site of the street for a couple of pints. Overall, this routine is probably as much fun as you'll find in a wet Wallington on a Sunday evening.
