The Premises:

Well known and as always in good, clean condition. New receptionist was very pleasant.

The Lady:

Tall lady with very nicely proportioned figure and nice olive skin. Rather oddly, I had walked in without a booking for once and when told who was available I heard pictured the first name as Chantal and didn't associate her with a lady I had seen a year or more before - and then didn't recognise Shantel when she came in the room and still didn't recall her when she referred to seeing me some time before. I am getting old.

The Story:

Given the circumstances described above, I was in that slightly heightened state of wondering what a new escort meeting would be like.

My immediate impression was of a positive, friendly, attractive lady who didn't perform to a pre-set script or routine.

We were soon chatting away happily and when I offered to massage her she responded with gratitude and praise.

The massage led seamlessly into kissing and intimate touching both ways that consolidated the easy, trusting atmosphere between us.

Oral and then 69 followed before a lengthy sex session that was hugely enjoyable.

I won't forget Chantel again because it won't be long before I am back to see her again.
