### The Premises:

I found the establishment to be stylish, clean and tidy, with stylish decor, and situated in a discreet location.

### The Lady:

Angel is a tall, slim, attractive, and elegant lady, with a lovely smile and captivating eyes. Her long brown hair suits her perfectly, and you will often find yourself thinking; is this beautiful woman, really here with me.

### The Story:

I was a little nervous when I booked the appointment and this feeling remained when Angel entered the room. There was no reason for this, as I have seen her before, but I guess you can put logic to feelings. I let Angel know about how I felt, so we just laid next to each other, whilst I caressed her. As I started to relax, I fondled her perfect breasts, and spent quite a while enjoying the feel of them.

Once I was relaxed, Angel suggested we knocked it up a gear, and gave me amazing oral, linking up and down my shaft and glans before moving onto a fantastic blow job. I am very sensitive, which Angel already knows about, so she adjusted her technique to a more sensual experience which was just perfect.

It was now ready for sex, so on with the hood, and Angel glided me into her slowly, in the cowgirl position, and maintained a slow and gentle rhythm, changing the angle and thrusts, giving me a range of delights that you have to experience to believe. We then changed to doggy style, which truly was a joy; seeing her perfect bum, gliding my hands over her body, and then ghosting her hips. Honestly lads, I couldn't hold on for long, and when I climaxed my legs almost gave way, and I still had half an hour next.

We laid back down together for a lovely conversation and gentle caressing for a while, before Angel suggested round two. Unfortunately it wasn't to be, but I truly appreciated the offer, so she gave me a wonderful massage that caused me to melt into the bed. I did return the favour, but time wasn't on our side, so I wasn't able to give her the experience she deserved.

This truly was one of the best experiences I have ever had with a woman, and although I normally government a positive review of the ladies I visit (If I don't click with a woman, then I won't review her, as it's just that the chemistry wasn't there), I feel I'm more decerning now that I've had more experience of women, so I can hand on heart say that Angel is an amazing woman.
