The Premises:

The flat near the theatre district, pleasant and anonymous, parking is ample. Decent shower, big room well furnished.

The Lady:

Ella is a very sexy, curvaceous, vivacious and voracious blonde lady. Fairly tall in her heels, pretty eyes and face, cheeky smile. She has a proper manly figure with lovely big natural boobs and a superb big round bum with a little waist that shows it off perfectly. But more importantly she has great sex appeal which I'll come to later in the review.

The Story:

I met Ella at the door and she immediately went into sassy, funny mode. She's outgoing and not shy, which is ideal when you meet a girl for the first time. She has a really fun personality and is clearly very comfortable with her job and enjoys it immensely. She lead me to the shower at my request and said she would come and get me when I was done, which she did, a nice touch.

She took me to the larger of the two rooms and popped out for a minute or two to get her things. I took the opportunity to leave the money beside the bed for her. When she came back she was full of beans and seemed excited to meet me, there actually seemed to be some genuine attraction which is nice as it makes the whole experience that much more fun.

After a bit of small talk we went straight into some proper full-on kissing, always essential for me, and a bit of mutual exploring of bodies. I was only in a towel so that was off pretty swiftly and Ella was suitably taken aback by my large cock. I've had occasions where it's been met with apprehension so I was glad she approved.

Ella dropped to her knees and started giving me fantastic head, loads of enthusiasm, deep, wet, fast slow, hands, no hands. Amazing. We moved to the bed and carried on with more OWO and kissing. She asked if I was ready for sex but I wanted to go down on her first, again she was very keen and as we were both pretty up for it that was great fun too. Everything was very natural, seamless, no hesitation or shyness, just us both getting on with great sex. All the time Ella is saying

complimentary things, encouraging me and playing a full role in making sure we both have a good time.

I'd only booked 30 minutes, as I tend to when I see a girl for the first time, and I wanted to get inside her soon. She rode me for a while and we kissed and I played with her lovely boobs. I'm a real bum man and I had to get her into doggy next. Ella has a magnificent big bum, a proper round, shapely womanly bum and sliding in and out of her like this was pure pleasure. Hearing her moan and groan as I fucked her from behind was heavenly. I had to come like this as it was just a sight to behold.

The whole experience was great fun, really energetic and natural. What made it so good was Ella's enthusiasm and genuine love for sex and pleasing the client (well, me). She has an innate sex appeal that you can't fake, the kind of appeal that made Petra so amazing. This lead Ella and I into a conversation about what makes a woman sexy and how it's more than just looks, in fact looks are secondary to personality and that special something that you can't define. Sometimes it's because two people click and it just works, but some women are simply born sexy whether they're young, old, fat or thin. We discussed how some of the girls have stunning model looks but they just don't have that je nais se quoi that sets them apart. This is why you should see Ella, not only because she is clearly attractive but because she has a great attitude and a natural sexuality that is so rare.

I will definitely see Ella again.
