The Premises:

Well Elizabeth's flat is in a very nice, modern block, in a pleasant area close to Gloucester Road tube and there are a number of buses that pass by. As I visited her by tube I cannot comment on the parking situation, but I am sure there is metered parking nearby.

I didn't feel watched as I walked past the Reception area to the entryphone door, found the area quite busy, so I was just one of the crowd and once buzzed in I found her flat quite easily. I was shown into a very pleasant and clean room, which she said had recently been restyled and it looked really good.

I was offered and accepted a shower, the bathroom had a very efficient power shower and clean, fluffy towels were provided, along with a range of men's toiletries, which was a very nice touch.

The Lady:

Well Elizabeth was certainly the lady in her photographs and she she looked even better when I met her.

She has a Mediterranean look with long dark hair, a lovely tan and I found her green eyes bewitching and couldn't take my eyes off them as they promised much. However when I finally checked out her body, I found she has a really sexy and well toned body. She has a nice flat tummy, firm breasts and I couldn't wait to feel her great nipples which were already quite hard and prominent. She also has a great ass which you can see if you check out the short movie on her website.

Now apart from her hot body and outstanding looks, she put me at ease right away, which I think is important on the first visit, by having a chat and I found this girl has brains too, which is a perfect combination.

The Story:

Well after a welcome kiss and hug we chatted before we started kissing and both used our tongues as we slowly stripped each other, which didn't take long in my case as I was only wearing a towel

and we lay for a while on our sides. We kissed a lot and I said that I had to explore her body from top to toe and so after more kisses I moved down to her great breasts and in no time her nipples were fully erect and I stayed there for some time. I then moved down to her shapely pussy, I soon found her clit and she really enjoyed this as well. Also, as I am a leg man, I felt her shaped, toned legs and feet and we then moved into a great 69 and I was able to attack her pussy again and I also moved up a little and teased her ass with my tongue.

So it was now my turn and I lay on my back, she went down on me and used her oral skills in full starting with my helmet and then down to my balls which she massaged gently. Well I must say that I have had a few oral sessions in my time, but for some reason Elizabeth has perfected oral her using her tongue and fingers to really get me going and when she added some great deep throat action I could easily have come, but I wanted to finish in her pussy. So on went the mac and I eased into her in missionary to start with, she was tight and even through the condom I could feel that her pussy was really hot and wet. We then moved into cowgirl and she gave me a long ride, I couldn't hold on and I came deep inside her and her pussy muscles tightened on my cock and held me there until I was fully spent.

We then had a rest and drink while I got my strength back, as I wanted more of her great oral and we kissed some more before I gave her a nice face down massage and I was able to feel her shapely ass and I did rim her for a while. Well she went down on me again, using that wicked tongue of hers and after a while as I couldn't hold on anymore, I came in her mouth and I was completely drained, satisfied and she gave me that beautiful smile of hers and hoped I had enjoyed myself, which was a real understatement.

We rested and talked for a while, before it was time for me to have a quick shower and leave.

Well Elizabeth certainly knows what she is doing, does want to ensure that her customer's have a good time and treats you as a friend right from the start. So I can certainly recommend her and I will certainly be back for more in the very near future!!!
