The Premises:

Near Northfields tube, Ealing. Parking on street outside 'residents-only' hours.
Lovely, modern flat on top floor of a new block. Secure entry. No one will know what you are there for.

The Lady:

The photos on AW are hers - but probably taken many years ago. She looks much older in person, and definitely much larger. Maybe a size 16 - she told me she is on a diet and was even bigger before - which I saw the evident off, by the ripples of skin around her stomach. I was frankly disappointed when I saw her on arrival. Rough looking, and not someone you would look at for long if she passed you on the street. Plus, she had a heavy smokers breath, which put me right off.
I actually felt "why am I here?" when saw her.

The Story:

Here's the good bit - she is incredibly friendly. Very, very easy going and good fun to be with. She was full of energy and can be a bundle of laughs. Her English was adequate.

I made the best of the situation by sucking on her tits for a good 5 mins, then onto OWO and a quick shag, and I was glad I could cum within a few minutes, so I could leave and put this episode behind me.

This review may seem harsh, but if we punters don't say it like it is, then the whole review system becomes skewed and meaningless.

I have chosen 'Neutral' for the recommendation (rather than a 'No') simply because she seems like a really nice person, and if you are a smoker yourself who likes heavy, house-wife type women, then she would be great.

I'm determined to find a regular girl around West London - I realise it may take a while - but somewhere out there is a gem like Ranji in Harrow from 10 years, who I still miss to this day. Haaa....sigh.....
