The Lady:

Sara is gorgeous. I knew when I saw her pics that I had to visit. Two dimensional photographs are fine, but yo can't beat 3D warm flesh is so much better and the reality of Sara is so much better than the pictures.

tanned and toned
C/D cup breasts
Wonderful bum
Nicely shaved pussy
10/10

The Story:

I arrived about 15 minutes early, fortunately she was alone, next time, and there will be a next time, I will call just to make sure.

From the moment we met, I was totally at ease.

Sara greeted me with a hug and a kiss. We had a little chat whilst I had a drink, then I availed myself of the shower.

Coming back to the bedroom, she offered me a massage, to which I agreed.

I lay on my stomach, while she massaged my back with her hands, lips & tongue.

Turning over, we kissed, then she massaged my chest, licking my nipples, before working her way down to my cock taking it into her mouth.

Due to health issues, I find fucking impossible, even with the little blue pill, so opt for BJs and pussy licking.

Sara is a talker, which I like. Too many working girls these days have no conversation due to a lack of English. It's so nice to have a conversation with a girl who has your cock in her mouth.

After enjoying her lips & tongue I felt that it was time for me to return the compliment, however before I did she moved up to kiss me again, which in her words, make it more natural, less mechanical.

So she lay on her back and removed her knickers.

I started with her gorgeous breasts and nipples which both stiffened to my touch. She told me that she likes having her breasts touched.

Then on to the main course.

I looked at her pussy for a moment before licking her clit and getting to work with my tongue. Apart from working on her clit with my finger and tongue, I like to suck on the pussy lips.

I don't think that she came but with all the little noises she made and her telling me "that's really nice" more than once, I think that she enjoyed it.

Having to come up for air, we kissed and cuddled again, whilst talking about our past sexual experiences and what we like and dislike.

Then onto BJ number two, this time while I played with her very wet pussy. There is not much that Sara won't do, inserting fingers is one, so my finger just sat between her lips sliding back & forth while I thumbed her clit.

I got her to straddle my face and we 69d. I also licked her arse

I asked if she had any toys and she pointed to a little purple bullet which she inserted into her pussy while I rubbed her arse, feeling the vibration from the bullet.

As time came to bring things to a conclusion, I asked to come on her tits, which she said was fine.

I came with out ejaculation and we just lay there with the bullet in her pussy still buzzing and my finger still toying with her arse.

I know that I went over time, but she didn't mind and we carried on talking, her complimenting me on my oral technique, especially the lip sucking.

I got dressed as she sat on the edge of the bed, still naked.

As i was about to leave I asked if it was ok for one last kiss. Of course , she said. So i dived between her legs, kissed her clit and licked her pussy one last time.

There are many facets to Sara and I look forward to explore them on future occasions.

I know that we talk about GFE, but this truly was.

The best WG experience that I can remember
