### The Story:

I have recently moved to London and have only just started outcall, all my previous encounters to moving here have been incall. So i have been trying a few agencies to see which are reliable in getting the girls to me. Of course i will still do the occasional incall too. Britney was on time and well wrapped up from the cold in a long woollen coat but despite the bad weather she arrived in good spirit and still smiling. I put a lot of value on girls being happy to see you and to at least seem that they are enjoying your company and she certainly passed that initial test.

I invited her in and gave her some wine and we sat down and chatted for a little while. She offered a massage thrown in with the cost so of course i said yes. obviously i don't have a massage table lol so we went up to the bedroom and i undressed and laid down on my front on the bed but still had my boxers on. She watched me undress and again seemed to enjoy it and laughed at the fact i had my boxers on and made me take them off. she rubbed some cream into my back and then after a short delay she started rubbing it in. She had slipped off a few layers of clothing and was giving a great massage in just a bra and panties which was very hot. Her massage skills were not that of a professional but good enough for me to enjoy them a lot. I think the view when i had my head on its side made up for any shortcomings as she was hot.

she worked on my back for some time, maybe 10 minutes and then asked me to turn over. As i worked my way over she reached behind herself and undid her bra and then slipped out of her panties. She again poured cream onto my chest and started to work it in and straddled my body as she did it. i was allowed to touch her as she did and my hands worked over her breasts and between her legs feeling she was actually getting damp, maybe she was enjoying it for real.

After a while we were kissing for real full french kiss and she was excellent indeed. She grinded against my cock as we kissed and i pushed my fingers into her.

before long she slipped a jonny onto my cock and after teasing it a bit she slipped it into her pussy. Nice pussy not a complete bucket like some escorts! she rode it well and did reverse cowboy too. Before i couldn't take it any more i popped her off and fucked her from behind with her amazing arse there for me to look at when i came. i pulled out of her pussy slipped the jonny off and covered her.

Again she was nice and didn't run off like many escorts she made sure i was OK being 10 minutes short or asked if i wanted to do anything else or simply chat but she had done a great job and I was happy to let her go early.
