The Premises:

A premises on a business estate . Inside is well appointed with a viarety of rooms . It's a new place and looks as though it's recently fitted out .

The downside is the entrance is directly onto the business estate and as such is not private . Which could be a problem. Plenty of parking of an evening but again daytime may be a problem.

Having chosen one of the VIP rooms it was spacious with a king size bed a leather couch and a jacuzzi oh and a pole . All new and clean

The Lady:

Larisa, is stunning . She is one of those women who actually look better naked than clothed . A waste you can get your hands around with gorgeous large natural tits. Long legs with a peachy arse.

I am not a fan of Eastern European women as a rule , as I find them humourless and without character .

Larisa is the exception to that rule having a great sense of humour and loads of personality .

The Story:

Buzzed in , and found as above . Within seconds 3 lovely ladies sat in a leather coach in front of me . All gorgeous (only down side all Eastern European , which looking at the hostess list there is only 1 Brit), it was unfortunately a bit like the meat seats , but a nice view while drinking my " free" coffee .

Making my choice , we went into the room . I asked if I was getting a pole dance . No no no was the reply . Although she did dance on a pole later.

Not a lot of detail , just that when she comes if that's an act she deserves an oscar .

My only negative thought is it's a touch over priced .
