The Story:

I have recently moved to London and not really done outcall before i came here. Since I have moved i have started more with outcall, not exclusively, but more so. I have now used Vixens twice and they don't have the widest choice of girls but what they do seem to have is happy girls. The girls that work at Vixens seem to like Vixens more than other girls like their agencies it seems. If that makes sense?

They get driven to you by a driver who also takes them back again so i guess they feel safer and it is less hassle for them.

One thing I haven't done before is go for a Middle Eastern looking girl, maybe it was the lesser choice I had as opposed to other agencies but I thought I'd give it a go. I am glad I did, it still isn't my favourite thing dark hair dark skin etc. but I would definitely do it again. And for people who are into girls like that then Nazar would be a great choice and only £120 so cheaper than I normally pay.

When Nazar arrived, she was dropped off just down the road a short stroll, she came to the door and from the moment she arrived she was relaxed and very pleasant. With Vixens you get a free massage so we started with that and she had amazingly strong hands and really got deep into my muscles. I stripped myself and she started the massage semi clothed but as she massaged i started to touch her here and there and when I went on her arse and between her legs she slipped off her panties and then her bra. So not only did I get a great massage front and back but i copped a great feel too!

Once I couldn't lie still any longer we moved onto some amazing oral, both gave each other oral, some very heavy petting and a very good snog onto full sex in missionary position and doggy.

At each point Nazar was skilled, enthusiastic and smiling. She still isn't my perfect type but for someone who isn't she did a mighty fine job and I would highly recommend her.

The website says she is a 34B but she seemed bigger than that and at least a C.
