The Story:

Vicky's one of the prettiest and sweetest natured ladies I'd met anywhere in this industry.

Things started off really well. She came into the room shortly after my arrival and introduced herself. I offered to shake her hand and she remarked "don't I get a kiss?" I obliged by kissing her on the mouth but when I tried to transform this into a fk, she responded "no tongues." When I explained that her profile stated that she provided fk and I wouldn't have booked her otherwise, she replied that fk does not mean kissing with tongues. That is not my understanding nor I suspect many others as a quick search on google confirmed. For avoidance of doubt, I need to point out that my oral hygiene was impeccable as always.

I enjoyed the rest of the experience enough - her owo in particular was superb and she is a very nice person to spend time with - but I didn't feel as fulfilled afterwards as I normally do after seeing in lady the HoD group. This however is rare as from experience only 2 ladies out of over 100 I've seen over the years have declined to do fk where this is shown on the website as a service provided (at the lady's discretion of course) and both had their profiles amended shortly afterwards.

With Vicky though, I am sure her other attributes will keep a lot of clients happy but probably not those who had strong expectations of receiving fk.
