The Premises:

Aylin is based in South Kensington. Had a job getting parked and was going in circles for a while. Place wasn't very wonderful or particularly clean.

The Lady:

When I looked at the agency website, I thought she looked like a hot piece of action. Unfortunately, she does not really match the scorching photos. When I saw her, she looked tired and pissed off. She wasn't really dressed for sex and I was really let down.

The Story:

Aylin was so unfriendly and moody that I found it really difficult to get in the mood to be honest. It was obvious that she just didn't want to be there. I didn't even try to kiss her and the blow job was an awful, slobbery affair. We got in the missionary position and she was looking away as if she couldn't wait for it to be over. You don't come across these types of girls that often in my experience, but they are out there. Anyway, I finished by shooting all over her arse. At the end, I just wanted to head for the door: I felt as though I'd just been going through the motions and had wasted a few bob.
