The Premises:

A discrete city centre hotel close to Leeds main railway station.
Lots of moderately-priced on-street parking available nearby.

I was offered a shower when I arrived.

The Lady:

A tall busty shapely Northern English blue-eyed blonde in her mid-20's.

Only works on Thursdays and Fridays.

Kendra is not that keen on kissing which was disappointing (given that she charges above the average rate for what she does).

Especially since I had made a point of brushing my teeth & had used mouthwash just before I met her so that I was minty-fresh.

The Story:

A good-looking outgoing independent Northern English lady who is only available for two days of the week.

Kendra is about 5'7" in height with long dark-blond hair and massive 'E-cup' enhanced tits.
She was wearing a sexy outfit consisting of lingerie plus knee-length leather boots and stockings.

Kendra is a tasty honey aged about 25 or 26 with a voluptuous well-proportioned size 10-12 figure.

We started off with a cuddle after I left the shower.

Not much kissing though (only a few light pecks).

I was expecting a decent snog considering the price that she charges compared to other local women.

That said though ... she is very pleasing to the eye ...

... and the sex was very energetic (it was also quite vocal too).

Kendra does look good when she is bouncing up and down ...
... and I really enjoyed having her arms & long legs wrapped around me ...!!

On the whole my time with her was pleasurable enough ...
... therefore not getting a snog is only a minor quibble really.
