The Story:

OK over the course of 2-3 years I have booked her many times I genuinely lost count but let me tell you this she is very friendly, polite, discreet and classy plus she has the best tantric massage skills in london at the moment trust me.

But that's not the only good side of the story she is very attractive and tempting in the beginning our bookings were just massages but over time they developed into perfect encounters the ones that stick in your head for a while.

The experience is really a one to remember plus her hygiene is outstanding and that's something which has become very rare these days in london.
