The Premises:

After being given excellent instructions I found myself in a centrally located, spotless brand new flat.

The Lady:

The cliché is that pictures do not do justice but in this case that is so true. Veronica is a sensual Latina stunner.

The Story:

I was offered a show before the main event and refreshments were available. We spent a few minutes chatting about the world and everything. A really genuine person who I found I could talk to very easily. We discussed life in general and a few of the things that affected the course of the world in the last few months. I was a bit nervous and my performance was less than satisfactory and although I felt bad and started to apologise I was put to ease and shall we say some magic happened suddenly all my worries washed away.

All I can say is that I found I was not the only one enjoying the meeting, a real GFE. I was mesmerised by the woman in front of me who for the next couple of hours at least was like somebody I felt as if I had known for years. I easily lost myself whilst in Veronica's company. It was an absolute pleasure.
