The Story:

The worst punt I've had in ages. I guess at some point I was due one, but very disappointing and annoying all the same. I got undressed and laid on the bed. She points at my cock and says it's too big for sex. I'm not a lot bigger than average. She then sits in front of me fiddling with her mobile phone for about 5 minutes. I reach out to feel her breasts and she says my hands are too cold. I warm them up and she says blow job only and starts putting a condom on me. I opt for a hand job and she grips it too firmly and jerks it very harshly. I tell her it is hurting and to slow down, but she starts bitching. She then moves to the edge of the bed and starts fiddling with her phone again and tells me to do it myself!

So for £60 I get a feel of her tits. The worst bit was she starts asking me if I am alright as I'm dressing! I tell her no and don't like being treated like shit, but she just ignores it. Even as I'm going out the front door she's asking me if I am ok, but I just got the hell out of there.

Avoid at all costs!!
