The Premises:

Respectable flat on Gloucester Terrace. Shared with another inhabitant of unknown description.

The Lady:

Tall and good looking but distinctly Amazonian girl In her mid 20s with a pretty face but seriously head crunching thighs. The delightfully svelte creature shown on her profile page is her, but either taken a few years ago or somebody has been fiddling with the aspect ratio.

The Story:

A pleasant punt but one that left me pondering some of life's deeper philosophical issues.

All services on offer including what would no doubt have been a most enjoyable a-level examination of Paige's ample derriere. However no amount of shoving could get my member into the examination hall. The one time in my life when I would have preferred to have a 3 inch tiddler. Paige herself is a quiet young lady though with a dry sense of humour. She claims to hail from Brazil though her English is accentless.

So why my post-punt philosophical pondering? Well, with hindsight, there is something about Paige that puts me in mind of that great Kinks song "Lola". My, those thighs.

But then again I could be wrong. And anyway, if a thing looks tastes and smells like an orange does it matter if it was once an apple?
