### The Premises:

house concealed at the bottom of an alleyway past rear entrances of shops. metal gates immediately preceded this house. looks ominous. immediately summoned into a bedroom, couldn't describe house

### The Lady:

known as "pretty girl" on aw website. why? quoted as being 26, size 8, long brown hair. won't dispute that. maybe the photo of her was taken on her best ever look. failed to see even a close resemblance

### The Story:

I wanted this to be my last ever punt, being as I have reached an age where priorities lie elsewhere and not having had sex with the wife for over two years, wanted it to be a good one. her english is good and anyway my hungarian is nil so having been ushered in to the bedroom, she asked how long I wanted to stay for, and having replied 1 hour, she took the pre arranged £60 from me and disappeared for 15 minutes, having first told me to undress. when eventually she returned, she told me to lie on the bed, unwrapped a condom and started to try & wrap it over my soft dick. There was nowhere in evidence of a hairy pussy (something that was listed and I have a particular keenness of!) I was under the impression that having paid for an hours company, that's what I'd get. So having dissuaded her from attempting this at this stage she laid on the bed next to me. On reflection, I think I should have bought myself a latex doll - that would have been more enjoyable, but having eventually put the rubber on me she started to suck me and I said it's owo. Oh no she said - I have hungarian flu so can't. what followed was 15 minutes of utter waste of time. I managed (somehow) to have sex but the 1 hour turned into 25 minutes and I'm glad it did. Never have I been so disappointed. You'd think after the number of punts I've had over the years that I would steer clear of Eastern Europeans. I'm sure that there must be some but probably charge a lot more than us mortals pay. I think in the next life, I'll go gay
