The Premises:

as previously described.

The Lady:

Reportedly and in appearance typically Eastern European, in fact facially she looks like one or two other ladies working with HoD, attractive, 20 something, bottle blonde, slight olive complexion, average height, slim, small breasts, fully shaved between the legs, good command of the English language.

The Story:

The sassy way she strutted into the room made me think at first that she had attitude but it became apparent over the next 30 minutes that this was a façade and that by nature she is a very nice person. It was her first day at HoD she explained but I didn't ask whether she'd been in the industry before though suspected that she isn't that experienced. There was no indication on her profile what services she'd provide so I had no expectations which was probably just as well.

I asked for GFE but she responded by asking whether that included kissing and pulled a face when I said it involved kissing with tongues so fk and dfk was clearly off the menu. She seemed though to want to make up for this by repeatedly initiating tender closed mouth kisses on my lips. Owo was on offer and her technique excellent and then intercourse, covered, again tenderly executed, was initially in cowgirl and then missionary. I finished inside her rather than to ask whether she did cim and risk disappointment.

I left feeling at peace with the world with an erection which took a few minutes to subside so it must have been a good session.
