### The Premises:

### The Lady:

Foxy pictures at her website look stunning and very sexy and really turned me on. However the pictures are way outdated and not accurate. The lady arrived was Foxy but in a much older version and much, much more curvy than expected. So a very big gap between pictures and reality.

### The Story:

However Foxy is very nice lady and if you like very curvy ladies she is definitely one to go to. She provided well her services and was eager to please and then she has humor... which is a plus. But if you expect the woman from the pictures to knock on your door- you will get disappointed
