The Premises:

Nicely decorated room in flat above shops about 10-15 mins walk from town centre

The Lady:

Star is petite. About 5' 2", South American with black hair. Pretty face. Gorgeous slim body. Lovely shaped boobs. Nice arse. Perfect pussy. Small tattoo with butterfly above left leg, though I hardly noticed (I don't normally like tattoos).

The Story:

Warm welcome. Dressed in pretty black lingerie that suited her natural skin tone. Light fingered touch to start to get me nicely aroused, then down on her knees for oral, which was excellent.

I then moved to the bed. She stripped off revealing her gorgeous body and continued with oral. She commenced by standing at the side of the bed bending forward so I got a great view of her arse in the mirror. I gently caressed her arse before moving my fingers down towards her pussy. She didn't complain and moved onto the bed to give me greater access. She was nice and wet allowing me to slip a couple of fingers in.

I asked if I could give her some oral and then spent a good 5 to 10 minutes licking and fingering her. Her pussy is absolute perfection. I'd have gladly stayed there all day.

However it was the lad's turn for some attention, so she rubbered him up and climbed aboard. She moved right down on top of me so I could hold her tight as she moaned in my ear. She then sat up inviting me to attend to her boobs, which she enjoyed. She then got back to work gradually bringing me closer to the edge, so I went all out to finish.

Star is a lovely girl and I will definitely see her again.
