decent flat, just the normal fare you would expect. but clean and tidy.

The Lady:

When Freya answered the door i could tell from the start that it was going to be a bit icy not because i didnt like her or she wasnt attractive, she just didnt seem up for it. She seemed like she would go through the motions. We all like that extra bit of input where we are led to believe she wants to be with us and that we are actually stimulating her too. I didnt think from first impressions that was going to happen. maybe she had had a bad day but she wasnt very up for it it seemed.

She looked like a slightly fatter (not bad) of her pictures and not quite as attractive but i guess most escorts are like that.

The Story:

I had booked an escort that would give a massage before anything else. I had been working hard for a while and felt that i needed that aspect. She wasnt very encouraging. I had to remind her of the massage, had to prompt her to tell me where to go, had to ask her to take something off while she was doing it and managed with a lot of persuasion to get her topless, but that was the limit. she went through the motions. dont get me wrong it was not too bad but there was no enthusiasm and getting her to say anything was hard work.

After the massage she literally chucked me a towel over and i wiped the oil off, then suggested we moved things along, i am sure i saw her roll her eyes, maybe not! well as i approached her she threw her clothes off, i think she thought i was gonna take them off seductively and whipped them off before i could. The kiss was tongueless, decent but no tongue no passion, there followed a average blow job and when she laid back she let me fuck her but again not a lot back.

If you want a pretty girl that will offer a mouth and a hole then she may be for you. if you want a girl who will give you a rocking good time i would suggest you go elsewhere.
