The Story:

I called Keira and arranged a visit. She was very nice on the phone. Texted her when near her apartment and she guiding me in the rest of the way, so to speak. Upon viewing her I was most impressed. Tall, stunning face and eyes especially. Great figure nice tits and legs. Was wearing fishnets. I was a bit early so I had a shower then proceeded with the meeting. By god she can suck a good cock. Eye contact all the way, deep throat loads of spitting and she spat in my mouth as I love it when a hot woman does that.

Broken up with deep french kissing and more spitting into my mouth which is really hot. More oral then sex with her on top. What a sight having that incredible body on top of you. Grabbing her tits and sucking them as she fucked me. A real pro grinder. Then she moved me to the edge of the bed for more deep reverse cowgirl if I may use the vernacular.

I decided to pull out and finish on her face as she wanted to taste it. She talked dirty throughout as any fans of her porn would know. I had a bit of trouble coming so kissed and cuddled on the bed. Most women would give up but Keira being special tried desperately to make me come and some deep kissing and more spitting done the trick and I came a treat.

Fantastic experience from a fantastic woman.

Showered once more and had a nice chat whilst I got dressed and left feeling very happy.
