The Premises:

very nice place not massive but good enough extremely clean and well looked after in a very good location to access via public transfer

The Lady:

good looking little thai girl with a petite body and s lovely pair of fake boobs witch I quite like myself hard for me to guess her age but id say late 20s early 30s max good English and easy to talk to

The Story:

right up my street elsa is slim tight body with great enhancements looks a lot younger then I think she actually is

with most ladies iv visited (witch isn't really that many 8/9) id say overall she was the best few things id say she could inprove on oral wasn't as good as I would of liked cant really DT witch was abit frustrating but apart from that she was amazing fantastic rhythm and knows what to do and more importantly WHEN to do it very flexible and you for most positions in all honesty I had trouble keeping up with the little devil also very good at massages before and after had a right kink in my shoulder for days and sorted me out straight away that alone would of been worth the money never mind the rest

for me outstanding think is found my best new girl completely recommended to all
