The Lady:

Julia has a decent body with firm tits and her face is quite nice. She is 21 and 5.3 in height. The photos were quite complimentary compared to the reality which was ok.

The Story:

We got started with some French kissing which became deep French kissing. She tasted good, but was a bit slobbery. I had my hands all over that sexy body of hers, rubbing them down those smooth thighs and over that tight ass. She gave me some bareback massage which was decent without being outstanding.

Then I just turned over so that she could ride me like a pro and she made a good job out of sliding up and down my cock although I wasn't as hard as I normally am. Julia certainly had a tight pussy which was a plus although I felt she didn't really make the most of her very decent assets. I rounded off our session with some fast missionary shagging and came in her mouth. A decent session not spectacular, but not terrible.
