### The Premises:

A really grotty house near Abbey Wood rail station. The room had a makeshift mattress on the floor and there was loud music playing in the room and a disco light! The houses were all terraced and I narrowly missed the neighbour coming from next door.

### The Lady:

A pretty and petite dark skinned girl, Indian looking, but probably Romanian. She had a fit figure with a gorgeous bum and small, soft boobs with prominent nipples.

### The Story:

The session was good despite the loud music. Isabelle did a striptease for me and then performed covered oral. That was quite enjoyable and I opted to finish with sex in doggy position.
