The Lady:

Physically stunning. Tall well built natural olive tone skin amazing eyes and smile incredible facial features. She should be a supermodel such is her beauty.

The Story:

I only went to see Kim because of her beauty and she really is stunningly beautiful. Her eyes are mesmerizing and she has a great smile. Her photos do not do her justice in my opinion, she looks much better in the flesh.

She came in the room wearing bra and knickers which soon came off. She quickly went to work on uncovered bj which was nothing spectacular. She does it better covered and it is an amazing sight to see her suck on your cock. She doesn't like her nipples pinched and she has the most amazing natural tits. Feel incredible. I played with her pussy and licked her out which she loved. She is a great talker and has a really nice personality. Sex was cowboy which was great seeing her ride me and I couldn't keep my eyes off her face.

Finished up feeling very happy.

Only minor points are her legs which are lovely and long but had a bit of stubble. But that is nitpicking really. She is worth the money just to see her. Gorgeous.
