### The Lady:

24 years old, Spanish, perfect nglish

Petite, great tits, just the right size. just a hint of hair above her tiny tight pussy. fine arse.

Wearing a little see through black outgight that opened at the crotch and had a bra strap across the back and red fuck me stilettos..

### The Story:

No appointment necessary, just rock up.

There were two girls on duty, Mel, English and mature and Anallise as above.

They both came and said hi and the choice was obvious.

Analise returned, then went downstairs to fetch me some water. Being a cheeky chappy I asked if I could charge my phone which was fine.

So as i sat naked on the bed, she preformed a little dance for me allowing me to stroke her arse and put my hand between her legs.

I popped the gusset and got to touch her little pussy, she opened her legs wide and I could see in the large mirror her lovely pussy.

She undid the bra strap and removed the little black lingerie giving me unfettered access to her tits.

I lay on my back, and Analise presented first one nipple then the other for me to suck.

Due to various health issues, I can no longer achieve annerection, so this session was me lunching at the y and dildo fucking her.

Analise lay on her back with her legs spread wide as I looked at her lovely little pussy.

I licked her little clit and she immediatly sighed.

As I lapped at her pussy, sucking and nibbling at her lips and her clit, it became time for "our little friend" to come into play.

I took the plastig cock and rubbed it against her clit before inserting it into her, she asked me to be gentle as "I only have a tiny pussy". As I dildo fucked her and she rubbed her clit, Mel, the other girl, Mel suddenly opened the door. Oh Sorry she said, wrong room.

i looked up and said "Would you like to join us?". Mel giggled and said that she had a punter in the other bedroom. I thought, maybe another time.

I continued with the dildo and licked her clit.

The sighing got louder and her pussy got wetter until her body convulsed and she grabbed my head and had quite a powerful orgasm.

I removed the dildo and gently kissed her clit. Each time I did, she shuddered.

Not wishing to blow my own trumpet, not that I have a working trumpet to blow, but she would have to have given an Oscar winning performance had her climax not been real.

We lay on the bed next to each other and I gently toyed with her still wet pussy as we talked about her sexual preferences.

She will do a two girl, but needs a man to be involved. She will do two guys for a spit roast, but no anal.

It seems to be a laid back house as nobody was knocking on the door and hasseling even though we had gone over time.

I kissed her breasts and she said, "look, you can kiss them both at once, as she pushed them together. I gave her pussy a final lick and a kiss goodbye.

As we dressed, I asked if they ever ran parties, but she said no, they didn't.

Next time, she said that she will wear stockings & suspenders for me. She says that she has red lingerie to match the shoes.

I really thought that once the ED had taken hold and the little blue pills had stopped working, my sex life was over, however encounters like this show that I can still have lots of fun.

Would I see Analise again? Does The Pope shit in the woods.

Would I recommend her? I refer you to my previous answer.

Analise is a little diamond. Treat her well and you will have a great time
