only saw her face as she did not permit me to enter but looked heavier than her picture portrays

The Story:

if you are of colour avoid this one and I quote " I dont see black men" while poking just her face through the door, saved me from a bad investment. it seems the girls in this particular duelling are the worst of the bunch I have visited at least 5 girls based in this location at this particular hotel and they all have been either very rude, mechanical or just meh.
