### The Story:

Texted Invasian and got the location details for later that day. Prettied myself up and headed on over to High street kensington. Sat down in a pub for a my customary pre-punt pint to kill any nerves. Then headed over to the flat and got buzzed up

rosie opened the door and she's absolutely stunning. I've got to tell you, one of the reasons i booked was cause I love this type of frizzy hairstyle. And the rest of her didn't disappoint. She was slim and short, i think about 5'3" (im above 6 foot--so its all relative) and a nice little booty on this one. Grabbed a quick cuddle and she complimented my cologne. She was wearing a black lingere set with stockings...blood started rushing away from my head to the other head, and i had to sit down. We had a chat for a 1 or 2 minutes and her english is good, and she seriously feels like a girlfriend, with a wildside just waiting to get out; to say the least I think we got along.

She gave me a towel and showed me to the shower, I cleaned up quickly and headed back to join her in the bedroom where I got a wicked massage from this girl and some more convo. Although it was a bit short, the massage is well worth it - i don't know if she's had training...wouldn't doubt it. I flipped over and she straddled me, towel still on, but she was grinding on my full mast while she massaged my torso...for some reason this was a highlight i didn't want to miss. Maybe it was the eye contact and what we both knew was going to happen next lol (i realize its stupid to explain things in such detail)...Im on the thicker side so its always great to see their reaction when they feel it. She got out of her 2 piece, and I gave her a quick rub down --she's got soft skin Exposed the ol' skin flute and got to experience her sucking skills...toe curling Had her on her back, then switched to her on top, then finished in doggy.

Everything was safe and covered...thats just how i roll

If you book Rosie...treat her well, she's truly a sweet and charming soul, and will give you a relaxing, memorable time.  
She's listed on a few agencies, but I chose invasion because they had a price guarantee, and their on-site reviews were better.
