The Premises:

As ever, friendly reception and very good facilities with the added bonus this time of half a dozen nearly naked ladies going up and downstairs to introduce themselves to another punter.

The Lady:

Victoria is an attractive and slim lady who immediately makes contact with you by being so natural. She made me think of someone I would love to meet in a cafe, get talking to and the two of us agreeing we both wanted to be in bed together - no false compliments or false behaviour. That was a very pleasing realisation and an indication that my time with her was going to be rewarding.

The Story:

Everything worked out as I had hoped from my first impression. We stopped the shower dripping, Victoria ignored the money rather than hurry to stash it away and joined me on the bed.

She started kissing including lots of tongue play, during which I undid her bra. She alternately enabled me to suck her neat breasts and returned to kissing for as long as we seemed to want it while she also added very pleasing oral without.

My turn then to enjoy her lovely neat pussy with Veronica's evidently genuine verbal responses.

Still nothing had seemed mere routine and this natural flow was so enjoyable as a result.

Sex was then in any position I wanted and we both seemed to enjoy this as much as each other.

We got dressed complimenting each other on our performance and chatting like good friends.

A brilliant time with a lovely lady I just wished was a near neighbour...
