### The Lady:

5'2ish, early 20's very petite but with an amazing bum and petite but toned like a dancer, Long blonde hair and a very pretty face, immaculately dressed in white lingerie and hold ups and heels and seems to have quite a wardrobe!

### The Story:

I was looking for a gfe with a few kinkier services such as tie and tease, spanking and strap on, also I was looking for an English girl which is harder than I thought!

I'd been attracted to Ava's looks if I'm honest and after a quick telephone conversation I booked for an hour, arrived in Ava's street and got final directions, Ava opened the door and I was met by a stunning petite blonde, handed over the payment, and discussed what I wanted further. Within minutes I'd been blindfolded and my hands taped above my head whilst Ava massaged kissed and nibbled my nipples, once my cock was well and truly hard she slipped a condom on and mounted me still taped to the bed.

I felt her kiss me on the lips and asked her to remove the blindfold, and I watched her ride me as she played with my nipples, I could feel her riding me and I don't know what she was doing with her hips but I came hard!

After cleaning up and me being untied there was more teasing and Ava asked me to let her know when I was ready for strapon fun! I selected the size I was happy with and Ava strapped it on, lubed me with a gloved finger and offered me poppers, slowly Ava pushed it into me all the time talking to me in her sweet voice, once it was fully in she began thrusting gently but slowly building up the pace and talking dirty! After managing to come again hard, I asked for a shower and relaxed, I spent quite a while getting dressed with Ava just chatting and didn't feel rushed.

I'll definitely go back for more, not sure whether to go for a sweet session with this girl or something a bit kinkier! Looking at her wardrobe she can do the sweet look or the latex clad kinkster
