The Premises:

flat was ok too, small but everything i needed smelt a bit of sex could have done with airing and maybe a candle or something but not too bad.

The Lady:

Didi was nice enough, her English was ok but not great conversation as she had to think slightly before she spoke so not fluent though manageable. her skin was not as clear and attractive as it is in the pictures so she wasn't as attractive but nice enough. her body was good not far off the pictures, maybe slightly more hippy but close enough just like most girls.

The Story:

She kissed well to be fair to her and used her tongue which some don't, but it is something I ask for when I book so i guess he had to. The one thing I don't like and didn't like is that she slipped a condom on before sucking me off. I much prefer no Jonny, however, it wasn't bad and I did enjoy it, just not quite as much as i would normally expect to.

She didn't rush me and didn't seem to be trying to get it over with so I would leave; which again is another bonus, some girls try and get you to cum quickly hoping you will then lose interest but she wasn't in that school of thought.

the sex was fun without being spectacular, yes she had a great arse which is always a pleasure to behold whilst you are fucking someone but it somehow didn't have that spark.

In summary she was good at everything but not great at anything a solid 6, a good time but not a girl i would rush back too.
