### The Premises:

Her place is on Gloucester Road which is an ok area. It was handy enough for the tube and her place was fine.

### The Lady:

The photos give the impression of a sophisticated high-class lady, so I was ready to pay up for the right experience. To be honest in reality I was a bit let down - not quite as hot as the photos.

### The Story:

Stephanie provided me with what I can only describe as an average session. Her body is ok but she had rather a grim expression on her face and I didn't really get a willing vibe from her. Her tits and ass are decent enough and her legs aren't too bad.

The DFK was a bit of a damp squib to be honest - some women are not great at this and I felt that she was a bit of a hard kisser. I did get a stiffy, but that was only because I'd been gagging for it all afternoon.

The OWO was alright but nothing special. Rather than a high class hooker working my cock, it felt like she was a bit of a novice. She didn't really know where to put her tongue and I wasn't as fired up I should have been.

We then got onto the bed and she got on top of me without me asking and I didn't complain. Her technique was ok but she was a bit cumbersome in this department too. She slid up and down on my cock in an efficient enough way but it wasn't amazing. We finished off in the missionary position.
