The Lady:

Brit, blonde, 20 something, average height, slim, small - medium slightly hanging breasts, very attractive with the type of central European looks which would have won hometown beauty pageants in the USA in the 50s and 60s - her blurred photos on MKE's provide an excellent impression of what to expect.

The Story:

I'd been a customer of MKE quite a few times over the years with lots of happy memories but this was my first visit to the Bletchley location.

I'd previously resisted doing the trip as it added an extra 15 minutes each way onto an already lengthy journey to Milton Keynes. However I gave in when I realised there are ladies based there who I otherwise might not have the pleasure of meeting. Kayley is one example.

The highlights for me were her breasts (I do so love the ones which hang) and her looks (Confuscius he say he loves blondes). Also she made smile at the outset of our time together when I asked whether I could come in her mouth and she responded that she would be offended if I didn't. And she swallowed as well.

The downside was that there was no kissing permitted - for the avoidance of doubt my oral hygiene was impeccable as usual. Even worse the session was very rushed - one of the ladies didn't show that day and I suspect Kayley was doing her best to cover. Her owo in particular was at breakneck speed and proceedings would have come to a premature end if I hadn't repeatedly asked her to slow down. As it was, I was out of the door less than 25 minutes after I'd arrived feeling slightly short changed.

Sadly this was not one of my better punts within the HoD group by a long long way which was a shame as I quite liked her.
