The Premises:

A cramped flat behind a parade of shops close to Bexleyheath railway station. The entry is up a flight of stairs and not very discreet.

The Lady:

A dark haired Hungarian girl, mid 30s, with a curvy figure. She had visible signs of having giving birth. Her breasts were quite soft and her nipples were very prominent.

The Story:

It was an ok session, Alisa was very friendly. She gave me uncovered oral, but it was a bit too aggressive for me. I like that performed slowly and sensually. We then had protected sex in missionary position and Alisa really squeezed hard to get me to come quickly. I stayed in control and removed the condom and came over her prominent nipples.
