The Lady:

Julana is a tidy 25-year-old blonde girl from the Czech Republic. She has a pretty face, a great set of knockers and a fine arse. Photos are a fair reflection of what you get.

The Story:

Julana looked great when I came into the room and we did not waste time getting on with some French kissing just to kick off. It had been a really long day at the office and I was really tired and pissed off, so Julana offered the perfect remedy with a hot nude massage. She worked my body all over with her sexy style and I was soon good to go.

Julana was one of those girls that you are just naturally attracted too so it seemed like a great idea to try out a 69 with her: I wasn't disappointed. She smelled and tasted great and there was just something about the position that drove us both wild. She worked her magic on my cock and judging by the noise she was making I did a pretty god job on her too.

I couldn't wait for the main event as I was really in the mood by now. I started off by preparing her for some doggy style screwing. She was loud as I slid my rock hard knob in and out of those tight flaps. My hands were all over her body and every slap against her ass was fantastic. I wanted to try her in the missionary position so that I could watch her react to the action as I shagged that pussy hard. Soon I could feel my cock seizing up in a big way and I came all over her face. Had a great hour with Julana.
