The Premises:

Familiar block of flat in paddington, very discreet and safe

inside the flat was a different story, rundown brothel looking flat with wood scraps used to segregate each girls working room, counted 4 sections in a 1 bedroom apartment

Bathroom was functional but again in a state that needs redecoration.

The Lady:

I think this is the last time I am ever going to use this agency as they over exaggerate with the photoshop, although you can tell it was the lady she looked worse for wear as she had been photoshopped so much.

The Story:

the whole experience was a resounding.... MEH

she looked nothing like her picture

she kept running off to do other things during the time we spent together that I just forced myself to knock one out and called it a day

Fake sounds and general recycled conversation, definitely not worth the price paid
