The Premises:

It was nice and big. Posh reception was intimidating. The room was uncomfortably heated.

The Lady:

Blonde, petite, slim. Nice face but a bit too skinny for me. She has nice boobs but not happy that i couldn't touch them.

The Story:

I paid another 50 for the outcall but as it wasn't overly amazing, i'd have been better off going a bit further to her place. Anyway, I enjoyed myself though have had a lot better. Delisha has a beautiful face, there's no denying in that. However, I'm a man who likes a bit more to grab and Delisha is a bit too skinny for me. She also claims to have sensitive nipples so won't let you touch her boobs which is a shame, as for me, they're her best feature and I'd have loved to have a feel.

She is a really nice girl and makes friendly chatter, but English isn't her first language so convo can seem a little forced. After greeting me (no kissing), she gave me a great OWO, so absolutely no complaints there. The sex itself was good but she seemed hesitant to really let go. She rode me until I came, which is my favourite position so was happy for that. All in all just above average. Not for me but can see why others would enjoy Delisha.
