The Premises:

Victoria's current place (these girls do get moved around regularly) is better than some of the other Oriental flats that I've visited - it's a basement in a tidy and discrete area between Queensway and Lancaster Gate. There's a decent pub around the corner to enjoy a pre-punt vodka and muse on the hour ahead.

Her room is unremarkable (whatever happened to the funky lighting that these Thai girls used to adorn their boudoirs with) but absolutely fine for an hour of fun.

The Lady:

Lately, I've been concentrating on Olina's video girls as the films give a 100% accurate portrayal - I'm sick and tired of the widespread photoshopped lies in this business, and the apparent general acceptance of this practice by the punting community.

As soon as Victoria's video was added to her profile I fired a text straight off to the agency to book her - I wanted to beat the inevitable rush! As the time approached I requested that she wear the featured white-ish lingerie and she complied with my wish. In fact, when I met her after four days of esager anticipation, I just had to stare at her in absolute awe - she is drop-dead gorgeous!

Apart from her obvious stunning looks and freshly enhanced figure, there's not much to add - it's all in the video - although it's worth noting that she has no tattoos or c-scar.

The Story:

From the moment I arrived at her flat Victoria was friendly, welcoming, and extremely affectionate. Although kissing is not high on my list of required pleasures, if it is advertised then I do enjoy it, and hers was very intense throughout the hour and one of the best that I've experienced with an Oriental girl.

Victoria was pleasingly responsive to my amateur massage and then DATY and face-sitting and, although I couldn't get her "there", this precluded the need for any lube. Like all Thai girls she was very pliable and supple and so the choice of postions is pretty much limitless although I'm perfectly

happy with simple snail, mish and cowgirl! In truth, her OWO was a little toothy, but I put this down to her enthusiasm - I finished with a beautiful CIM and no permanent harm was done.

Every second of my hour with Victoria was a joy. The shared shower (another thing that I'm not usually bothered about) at the end was a real bonus as she really does join in, and the impromptu WS from her was a very amusing surprise!

Not only was Victoria a highly enjoyable erotic experience, but she was fantastic company and great fun as well! She seems to understand English quite well, but her speech is a little poor at the moment - we communicated just fine, so it was irrelevant.

As it should be, but not always is, I had Victoria's full and undivided attention from the moment I arrived to the second I left, and I will most certainly return to see her again very soon.....
